- Social media companies and data brokers.

### 2.6 Animal Rights Violations

- Any entity involved in the abuse, exploitation, or unethical treatment of animals, including but not limited to industrial animal farming, testing, or entertainment industries that mistreat animals.

**2.7 Quasi-Governmental Organizations**

- Any non-governmental organization that functions as or is closely associated with a government entity, often referred to as a **pseudo-governmental** or **quasi-governmental** organization.

**3. Compliance and Enforcement**

- If a Licensee is found to be in violation of these restrictions, their license is **automatically terminated**.

- The Licensor reserves the right to pursue legal action against entities that violate this agreement.

**4. No Warranty**

This software is provided "as is" without any warranties, expressed or implied. The Licensor shall not be liable for any damages resulting from the use of this software.

**5. Modification of Terms**

The Licensor reserves the right to update and modify this license. Continued use of the Software after modifications constitutes agreement to the revised terms.

**6. Author Exemption Clause**

Notwithstanding any other provision of this license, no restrictions, conditions, or limitations herein shall be interpreted or enforced in a manner that precludes the original author from using, modifying, distributing, or otherwise engaging with the software under any circumstances.
